AUTOMATIC FOLDER GLUER

Model QFNC 2600 / 4000

DESCRIPTION

AMC Automatic Folder Gluer **QFNC-2600**, absorb the latest technology using modular design and the latest processing technology, consist of vacuum feeding unit, gluing and folding unit, counting and stacking unit.

Can be used for gluing single wall and double wall corrugated box.

High speed, energy saving and labor cost saving.

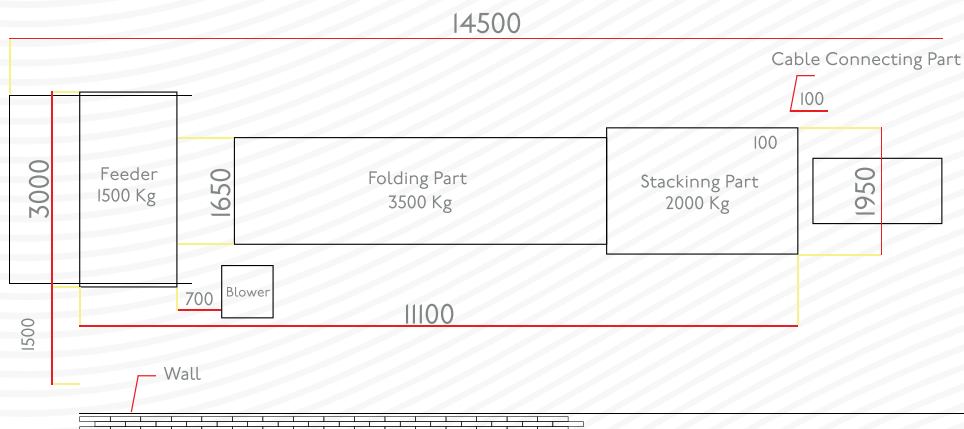

Simple operation, fast, reliable and accurate control.

Automatic paper supply, automatic gluing and folding, automatic counting, automatic stacking and output.

We can build a Jumbo Size, our model **QFNC-4000** for customers with special needs.

CHARACTERISTICS

- 1.- Computer control machine speed, side stop and rear stop regulation and folding part distance.
- 2.- Belt feeder with vacuum suction. / 3.- Frequency convertor control speed. / 4.- PLC control.
- 5.- Touch screen for operation. / 6.- Strong structure.

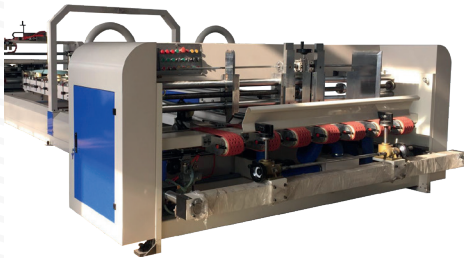

Technical specifications		
Model	QFNC - 2600	QFNC - 4000
Max. Speed	130 m / Min	100 m / Min
Working Speed	100 m / Min	50 - 80 m / Min
Max. Sheet Size	1200 x 2600 mm	1900 x 4000 mm
Min. Sheet Size	300 x 900 mm	500 x 1000 mm
Power	12 KW	15 KW
Corrugated Board	Single Wall / Double Wall	Single Wall / Double Wall
Wallboard Thickness	20 mm	40 mm
Weight	6000 KG	8000 KG
Machine Dimension	11000 x 3200 x 1600 mm	18000 x 6000 x 2000 mm
Driving Type	Electric Drive	Electric Drive
Automation	Automatic Control	Automatic Control

MODULES

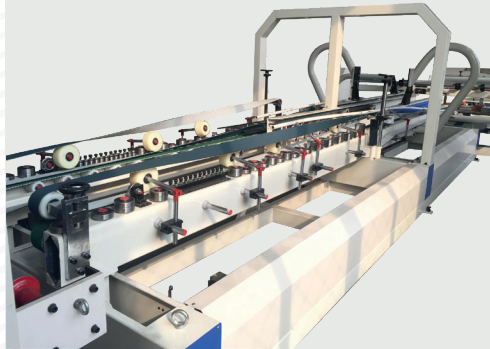

Feeding Unit

- Computer control machine speed, side stop and rear stop regulation and folding part distance.
- Vacuum suction feeding to feed warping paperboard easily.
- Quality electromagnetic clutch and brake adopted, feeding section controlled independently, operation easily.
- Stainless steel glue wheel adopted, long working life and saving glue cost.
- Second creasing structing can impress again the paperboard if was not creased well.

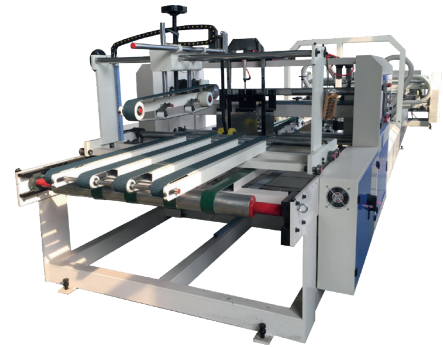

Gluing and Folding Unit

- Simple structure and high reliability, glue quantity adjustable, cleaning easily.
- Creaser wheel adjustable, suit for 2-8 mm thick paperboard.
- Imported quality rubber belt adopted, automatic folding.
- Paperboard and Creasing rectify device.

Counter & Stacker Unit

- Stacking and counting are simple and reliable.
- Digital control, operation easily and reliable. No-stop put in data and automatic counting.
- With rectification function.
- Paperboard counting and put out by pneumatic, stable and quickly.
