HEAVY DUTY THIN BLADE SLITTER SCORER

Model BFY-2500/3500-HD

DESCRIPTION

Heavy Duty Slitter Scorer BFY is suitable for double and triple corrugated board, it is designed with total eight shafts: first is pre-creasing shafts, second is slitting blade shafts, third is transmitting shafts and fourth is creasing wheel shafts.

This Heavy-Duty Slitter Scorer BFY can do pre-creasing, slitting and creasing in one time.

CHARACTERISTICS

- Pre-creasing feeding wheel ensures corrugated sheet not damaged after creasing.
- Thin edge slitter with both automatic and manual grinding: 1.3 mm.
- Total, eight shafts.
- Pre-creasing is top shaft with flat wheels and bottom shaft with pre-creasing wheels.
- Electric Drive.
- Semi-automatic Control.
