# ARM STITCHER HEAVY DUTY

Model HTDX-2200P

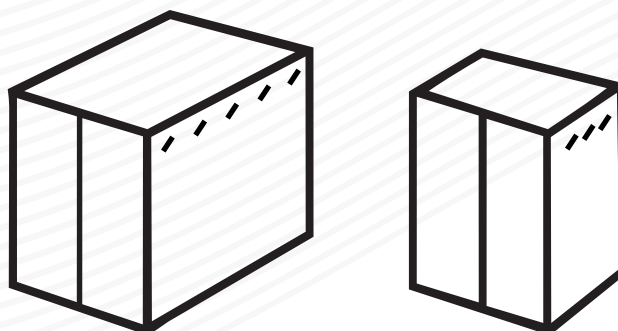

## DESCRIPTION

The HTDX-2200P only requires that one side (length or width) be within 2200mm, while the other side has no limit. The HTDX-2200P is better suited for stitching large and heavy-duty boxes.

The Arm Stitcher Heavy Duty HTDX-2200P is designed for stitching high-strength corrugated boards (2A/3A). It features a servo-driven stitching head for precise and efficient operation, with PLC control for adjustable stitch spacing. The machine can easily handle corrugated board thicknesses from 12 to 20 mm and allows stitching of boxes with no height limitation, ensuring flexibility for various packaging applications.
